

The CVT-WC is a work-counter display and prep combination case with a profile to match the CVT-D merchandiser, allowing for a seamless transition from service dome to prep counter in a CVT line-up. Perfect as a cake decorating station, but also suitable as a sandwich/salad/pizza creation counter, or even as a check-stand, the versatile CVT-WC can find a home in multiple formats.

SECTION VIEW - CVT-WC

Standard Features:

Architecture:

- All welded rigid frame
- CFC-free foam injected seamless basin
- NSF leveler legs

Mechanical:

- High efficiency refrigeration system w/copper tube coils
- Energy efficient fans
- 1 1/2" drains w/traps
- Thermometers
- Ready for remote refrigeration system with:
 - Expansion valves - specify refrigerant
 - Temperature sensors - specify
 - Liquid line hand valve
- Duplex convenience outlet - 20 amp

Interior:

- Work Counter:
 - NSF tempered glass food shield
 - Stainless steel work counter
- Self-Service Base
 - Black interior
 - Removable base display deck with product stop
 - Canopy lighting
 - Metal T-5 lighted shelves - consult drawings
