

Bavarian Series Vertical Glass
Service/Self-Service Combination
Merchandise for Hot Foods

CVT-HTB

The CVT-HTB is a combination service/self-service merchandiser that allows for the display of both hot foods and/or refrigerated items. The hot service dome brings customer service and interaction to your deli, while the self-service front allows for 24/7 sales capability. The self-service base is available as a heated or refrigerated merchandiser.
